

BETHEL BAPTIST CHURCH

Bethel Lay Institute B.L.I.

God planted a seed in the late 1990s, from which the Bethel Lay Institute (BLI) has grown into what it is today. BLI's mission is to offer members, visitors, friends and other interested parties, courses of studies in bible, bible-related and topical issues. The courses are many and varied but are always grounded in the Christian faith and premised on enrichment, empowerment and enlightenment for those who participate.

Courses over the years have included: studies to increase biblical knowledge; courses on understanding Baptist history; courses on understanding and responding to family issues in the Christian way, courses dealing with societal behaviours; seminars on improving one's prayer lives; courses aimed at better management of one's personal lives and personal and social resources; and courses to enhance the participant's ability in the areas of personal evangelizing and witnessing.

Over the years, some 65 different courses and seminars have been conducted by high quality presenters. In the words of one participant "I unreservedly recommend the courses offered by the BLI, with the assurance that this will contribute to one's spiritual and corporate growth and enrichment and make one better able to cope with the variances of community life."

May God be praised for his continued guidance of the Institute as it carries out its ministry.

To God be the Glory!

Living by Faith...Crossing Boundaries
