

# BETHEL BAPTIST CHURCH

## Bethel Youth Summer Employment Programme B.Y.S.E.P.

The Bethel Youth Summer Employment Programme (B.Y.S.E.P.) began in the year 2000. It provides summer employment opportunities for secondary and tertiary level students affiliated with our church who are between the ages of 16 and 21.

Participants in the programme are guaranteed a minimum of four (4) weeks summer employment with remuneration.

Jobs are sourced through the church office and employers include entities of the church as well as external organizations/institutions.

Where the entity is unable to provide remuneration the church pays the participant from contributions collected for the programme. BYSEP also provides training in resume writing, interviewing skills and other job related skills prior to the actual term of employment.

On average 50 students are employed each summer. The BYSEP programme has assisted tremendously in the Bethel Youth Related Ministry's holistic approach to the development of our Youth.
