

BETHEL BAPTIST CHURCH

Cyber Centre

The mandate of the Bethel Cyber Centre is, "Empowering Lives Through Technology" by meeting the needs of the wider community through its technological resource and services.

The Cyber Centre is an entrepreneurial endeavour formed from the youth related arm of Bethel with operations designed to serve various computer related needs such as technical consultation, training, printing, photocopying, internet café, scanning and other services.

The Cyber Centre opened its doors in October 2009 and has maintained its commitment to delivering quality service to senior citizens, the Bethel Homework Centre, Jamaica Foundation for Lifelong Learning (JFLL) and other groups.

The centre continues to develop new ways to meet the needs of the community in order to deliver an output that will build and uplift all youth activities.

Living by Faith... Crossing Boundaries
