- To foster participation & involvement of the children in Junior Church & in other church activities/ministries.
- To provide a positive for the children's creative energies.

Junior church is staffed by a cadre of volunteer teachers who come up with creative programmes and activities weekly to achieve the above aims.

## Vacation Bible School

**Vacation Bible School (VBS)** is an annual event of the Bethel Baptist Church.

It offers a powerful and unique opportunity for sharing Jesus Christ and positively impacting the kingdom of God.

VBS is a week long event held during July which targets all ages. Its primary aim is for participants to understand the reality of the Bible through an entertaining, theme-oriented learning approach.

To this end all resources are Bible-based and biblically accurate. The teaching and learning activity features are appropriate for the ages and groups they are designed to reach. They are also fun, yet grounded in reality. Some of the activities during VBS include joint worship sessions, Bible study activities, arts and craft, games and group discussions.

Ask anyone who has ever attended they will tell you VBS is all about fun-filled learning and fellowship.
